

Letter of Intent
The Maine General Assembly

The General Assembly is composed of dedicated American State Nationals and American State Citizens who are actively restoring our lawful government. Participating in the General Assembly is an honor, a constructural responsibility and a serious matter.

Participation in the General Assembly is voluntary and requires peaceful assembly and honorable intentions and conduct. The General Assembly does not tolerate any actions of rebellion or violence, spreading gossip and slander, disrupting meetings, seeking to control functions of the General Assembly, or any disruptive behavior which regresses the building of all four pillars.

I am a living man or woman who wishes to express my desire and my intent to participate in The Maine General Assembly.

I agree to be peaceful and to do no harm to another or their property.

I am a documented, properly-recorded and published American State National. I acknowledge that in addition to this request I am being asked to complete orientation, the Getting to Know You form and the Purpose and Conduct form prior to attending in-people and Zoom General Assembly meetings.
